***Geology and Geomorphology of Barbados*, by R. C. Speed, 2012**

See separate sheet for Geologic Legend

HEIGHTS IN METRES

Main road, surfaced — Dual Carriageway — Bridge
Secondary road, surfaced — Culvert
Other roads and tracks
Footpaths
Wall, Fence or Hedge
Cut-line — Cut-line
Built-up Area
Building - Named, Other
Building - Under Construction, Ruin
Monument, Windmill
Telephone
Parish Boundary
Locality Name — QUINTYNE
Antiquity — Settlement
Trees suspected of obscuring detail
Spot Height - Surveyed — •151
Spot Height - Photogrammetric — •127
Trigonometrical Station
Air Photo Principal Point with Film No. — FFR206 106
Trees
Line of Trees
Scrub
Casuarina
Mangrove
Palm
Cultivation
Sand
Marsh or Swamp
Coral
Cliff, Steep Slope
Rock, Quarry
Contours (V.I. 10m)
Depression — Rim height unknown
Watercourse
Well, Borehole
Reservoir, Tank — Res — Tk
Soakaway

ABBREVIATIONS

Cemetery — Cemy
Chapel — Cha
Chimney — Chy
Church — Ch
Hospital — Hosp
Market — Mkt
Police Post — PP
Police Station — PS
Windpump — WP
Post Office — PO
School — Sch
Swimming Pool — SwP
Tennis Court — TC
